

The Unique COMOD[®] System

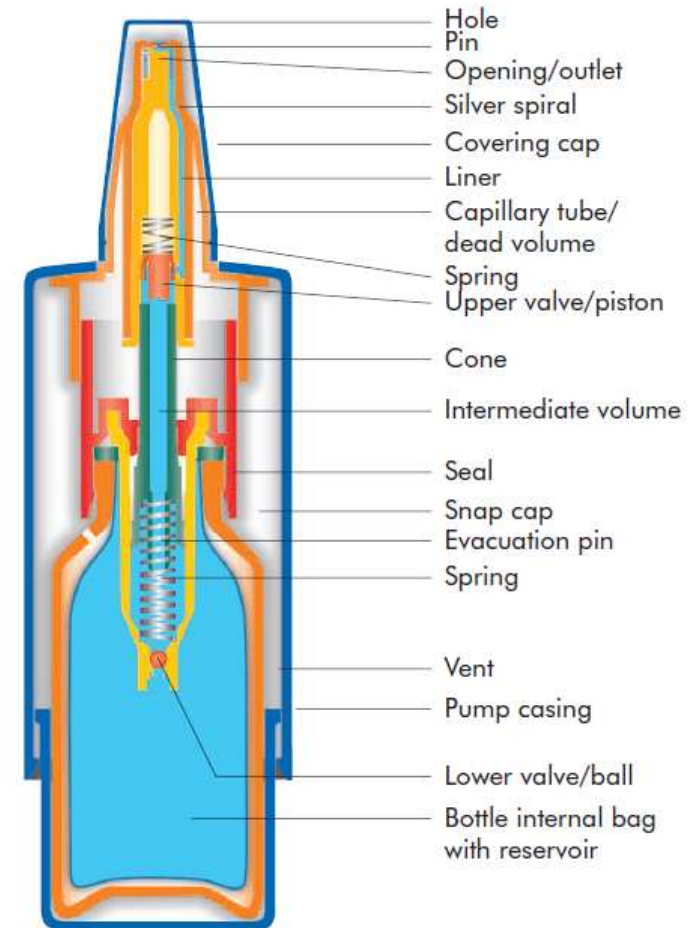

Simply Ingenious

What is the COMOD[®] System?

- The COMOD[®] (Continuous Mono Dose) system is an airless application system which enables precise delivery of multiple sterile preservative-free doses.

What makes it special?

- A unique multiple-dose container that is easy to use.
- Guaranteed sterility with absolutely no preservatives.
- Dependable protection of the solution from contaminated ambient air.
- 6 months sterility after opening.
- Low daily treatment costs.¹
- Guaranteed delivery of at least 300 drops.

¹ Compared with single dose unit preservative-free eye drops.
