

The Art of Eyewear Holders

- Profitable, novel accessory item
- Great for dressing up storefronts and counter displays
- Makes the perfect gift for the person that has everything

OptiPets are the creative, collectible, and fun-to-use eyeglass holder. Each hand-painted piece has a cradle designed to hold folded frame temples.

Originally introduced to spice up storefronts and frame counters, OptiPets have quickly become an incredibly popular accessory item that sells itself. OptiPets have become the go-to gift item for the hardest to shop for men, women, and children.

- Perfect for nightstands, desks, kitchen counters, and end tables
- A person will always know exactly where their glasses are

Animal Collections

Our animal collections are a staple item for children's frame displays, pediatric dispensaries, and collectors of all things animals.

Fish and Frogs

The six-piece Art Fish collection features intricate hand paint work that contrasts frame colors. Our Frogs have won the hearts of ECPs and patients around the world. And of course, who could forget the beloved Ugly Fish? These bug-eyed creations are a conversation piece and hold frames with their temples open.
